LIGHTING

After achieving HOD of lighting at Centrestage Theatre in 2007 Stage It Productions Company Directors have run a lighting design for well over 100 productions including the annual Horton Media work function in 2007 and 2008 in central Auckland. Scott and Jonathan believe lighting an event can make it or break it and spend copious amounts of hours perfecting their work to achieve the 120% in each and every event they run. Stage It Productions has worked on the most technically up to date lighting consoles and moving fixtures to aid that final product.

SOUND

Stage it productions has extensive knowledge in the sound industry. After 7 years experience in the industry Stage it productions company directors Scott Gaddes and Jonathan Diggle have done well over 200 productions and are well known for their outstanding work ethic and passion for what they want to achieve when running a sound design. Stage it productions has run sound for all scale of events, from meetings of 10 to a massive musicals with 30+ wireless microphones. Stage it productions thrive on excellence to make your event excel to its full potential.

AUDIO VISUAL

After being offered AV Design for a local event in north Auckland in 2006, Scott and Jonathan grabbed this opportunity to up the knowledge base in the AV sector of the industry. From PowerPoint presentations for meeting to full scale video to aide productions, to photo slides for funerals, Stage It Productions can help. We run Apple Mac and windows based computers to help the client in which ever program they prefer.

PRODUCTION MANAGMENT

Scott Gaddes and Jonathan Diggle have both production managed since 2007. Scott was offered to PM for a 'youth in performing arts' program and rose to the occasion having got incredible feedback about his achievements across the 3 month event. Jonathan was similar in running a different youth production in 2008 and achieved excellent reviews by the producer and theatre management team of the company for his work. From being the liaison between actors, director and technical and production team to organizing rehearsals Stage it productions can give your event 100% to run your event smoothly and hassle free.

STAGE MANAGMENT

Stage It Productions has extensive knowledge in the stage management field. Scott Gaddes was lucky enough to get a Deputy Stage management role with Auckland Theatre Company in 2007 while completing his diploma in performance technology. Following this Scott and Jonathan have stage managed many events their latest including a tap dance comedy "Stepping Out" where they organized everything from making the set to driving the stage during the performances. With so many roles to do, Scott and Jonathan developed a booklet which they follow step by step to ensure they do the job accurately and professionally.

Key People:

BUSINESS DIRECTOR SCOTT GADDES

Scott Gaddes has been working in the performing arts industry for 8 years. He became interested in technical theatre after helping at his local theatre Centrestage. Scott did some freelancing work initially then decided to study in this sector. At the end of 2007 Scott had attended UNITEC Mt Albert for 2 years and had completed a Diploma in Performance Technology. In 2008 he took a role as theatre manager at Centrestage Theatre in Orewa. He then decided to go into business with a fellow associate and started Stage It Productions Ltd. Scott enjoys working for himself and doing what he loves.

BUSINESS DIRECTOR JONATHAN DIGGLE

Jonathan Diggle started working in the performing arts industry back in his school days. It all started with "Carousel" where Jonathan was asked to assist with the sound operation. Jonathan has never looked back with more than 40 shows under his belt including "Les Miserables", "Joseph and the Technicolor Dream Coat", and "Anything Goes". Jonathan has had a load of experience in Sound for live theatre and events but also in 2006 Jonathan was approached to do a lighting design for his local theatre group, Jonathan Jumped at the chance and under good direction from the technical team successfully designed and operated "Joseph and the Technicolor Dream Coat" which included running a couple of moving light fixtures. Jonathan now wants to use his knowledge further and help people running events and theatre productions with the technical knowledge to make everything run more smoothly.
